

The American Association of Airport Executives presents the
GENERAL AVIATION
AIRPORT SECURITY CONFERENCE

July 27-29, 2008 • Waukesha, Wisconsin • Mtg. #070802

The American Association of Airport Executives, in conjunction with the U.S. Department of Homeland Security and Waukesha County Technical College, is pleased to present the first-ever conference focused entirely on general aviation airport security. Improving upon general aviation airport security without unduly impeding air commerce or limiting freedom of movement by air remains a significant challenge.

The General Aviation Airport Security Conference's comprehensive sessions will focus on the issues key to finding the right security balance at a general aviation airport, including risk assessments, mix of operations, technology, and possible new TSA mandates. Key representatives from general aviation airports, industry and government will participate in the program. In addition, the exhibit area will provide the opportunity to discuss and display the most recent solutions and technologies for improving security at general aviation airports.

All sessions will be held at the Country Springs Hotel. The conference will begin with a welcome reception and registration at 5 p.m. on Sunday, July 27 and will end at approximately 12 p.m. on Tuesday, July 29. Registration fees include all handouts, breaks, two continental breakfasts, one lunch and the welcome reception. Dress for this workshop is business casual. Confirmation of your registration will be e-mailed.
